SHOT

## Elixir of Youth

As we age, the body's natural production of collagen decreases. It is its deficiency that contributes to the loss of firmness and elasticity of the skin on the face and the formation of wrinkles. Beauty Elixir® Caviar Collagen effectively corrects and delays the signs of the aging process. The unique, rich formula contains an innovative combination of Peptan® F fish collagen peptides, hyaluronic acid, biotin and vitamin C, ensuring the youthful appearance of your skin as well as strengthening your hair and nails.

## Beauty closed in a bottle

Beauty Elixir® Shot has the most easily bioavailable liquid form of collagen. It promotes skin revitalisation and skin renewal from within. Hydrolysed collagen rebuilds the skin's support fibres while reducing the depth and the amount of wrinkles. It is the quintessence of youth, contained in a liquid form that is convenient to dispense.

## A new generation supplement

During the autumn/winter and winter/spring seasons, we should take special care of our immune system. Among the many immune boosters available on the market, it is often difficult to choose the one that will perform best. Take advantage of the most effective solution when it comes to bioavailability - innovative liposomal technology.

## Liposomal technology

This technology is characterised by a targeted action - the liposome delivers the appropriate concentration to the target site, protecting the substances it contains, during transport. This ensures the 100% utilisation of the ingredients contained in the product and the maximum enjoyment of the supplementation benefits.

# vitality & balance

## **Femininity is our strength**

Each woman is different - we differ in temperament, appearance, lifestyle, taste - and unique at the same time. What we all have in common is the desire to maintain healthy and radiant skin, strong hair and nails, and enjoy full vitality. However, the female body has fluctuating needs throughout the month. With women and their unique and changing needs in mind, FA BEAUTY ELIXIR® has created an innovative supplement - FEMALE SUPPORT.

## **Supplementation of tomorrow**

This unique supplement can be described as "tailored" to a woman's needs - because we need different support during menstruation and a different one on the remaining days. A daily serving contains as many as 47 active ingredients, enclosed in several capsules and pills - thanks to the comprehensive effect, there is no need to reach for additional products.

## SILVER SACHETS

A daily serving of the supplement contains - depending on the day of the menstrual cycle - 5 or 6 pills and capsules, provided in sealed sachets. On a day-to-day basis, they help to replenish vitamin and mineral deficiencies, maintain normal cholesterol levels, maintain proper body weight, support the proper functioning of the brain, heart, liver, nervous system, and assist the body's detoxification and its restoration processes. The silver sachets contain active substances that regulate the proper functioning of the female body and support its needs, including the nutritional requirements.

## PINK SACHETS

An additional capsule - designed for "those days" - supports the reduction of accumulated water and the feeling of puffiness. Choose "tailored" supplementation, which changes with the needs of the female body. There is no need to invest in multiple supplements and to select them yourself according to the changes that occur during the menstrual cycle - we have done it for you. The pink sachets are recommended during menstruation - they contain additional ingredients to counteract the discomfort associated with the menstrual cycle and the range of associated changes occurring in the body.
